

LONDONER

SUPER 140'S

MADE IN ENGLAND

Taking its name from the stylish capital, this collection of classic British suitings with a twist is the go-to bunch for the modern tailor. The selection has been expanded with even more colours and fancy designs, now versatile enough to ensure that both casual and smart suiting occasions are covered. Crafted in our heritage mill in Huddersfield from Super 140's wool to ensure a smooth, refined finish and a luxuriously soft hand feel.

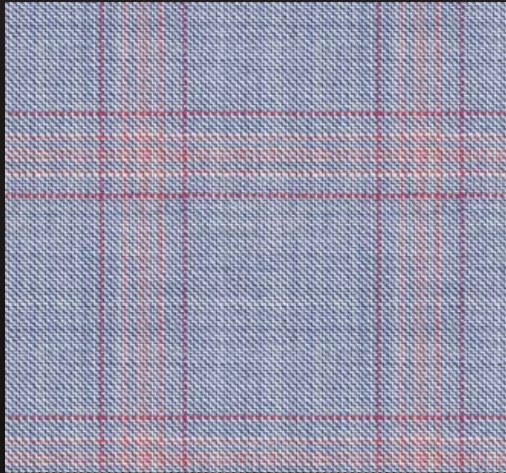

Designs have been created using a variety of weaving techniques to introduce interest and variety, with detailed checks, feature stripes, micro designs and shadow stripes appearing within the 60 options. Overall, the base colour palette is a classic mix of blues, mid to dark greys and blacks with patterns and checks that look subtle from a distance but close up reveal the intricacies and colour combinations that make them special.
